

# [Best of 2020-2021: Favorite Poems Published Online](#)

written by Entropy | December 2, 2021

Continuing with our series of “[Best of 2020-2021](#)” lists curated by the entire *Entropy* community, we present some of our favorite selections as nominated by the diverse staff and team here at *Entropy*, as well as thousands of nominations from our readers. The lists this year are especially meaningful as they mark the final time we’ll be doing them, and some of the last content that will be going up on the website. (Read [the farewell post](#) from our founder here.)

This list brings together some of our favorite poems published online in 2020 and 2021.
